

LEARN TOGETHER

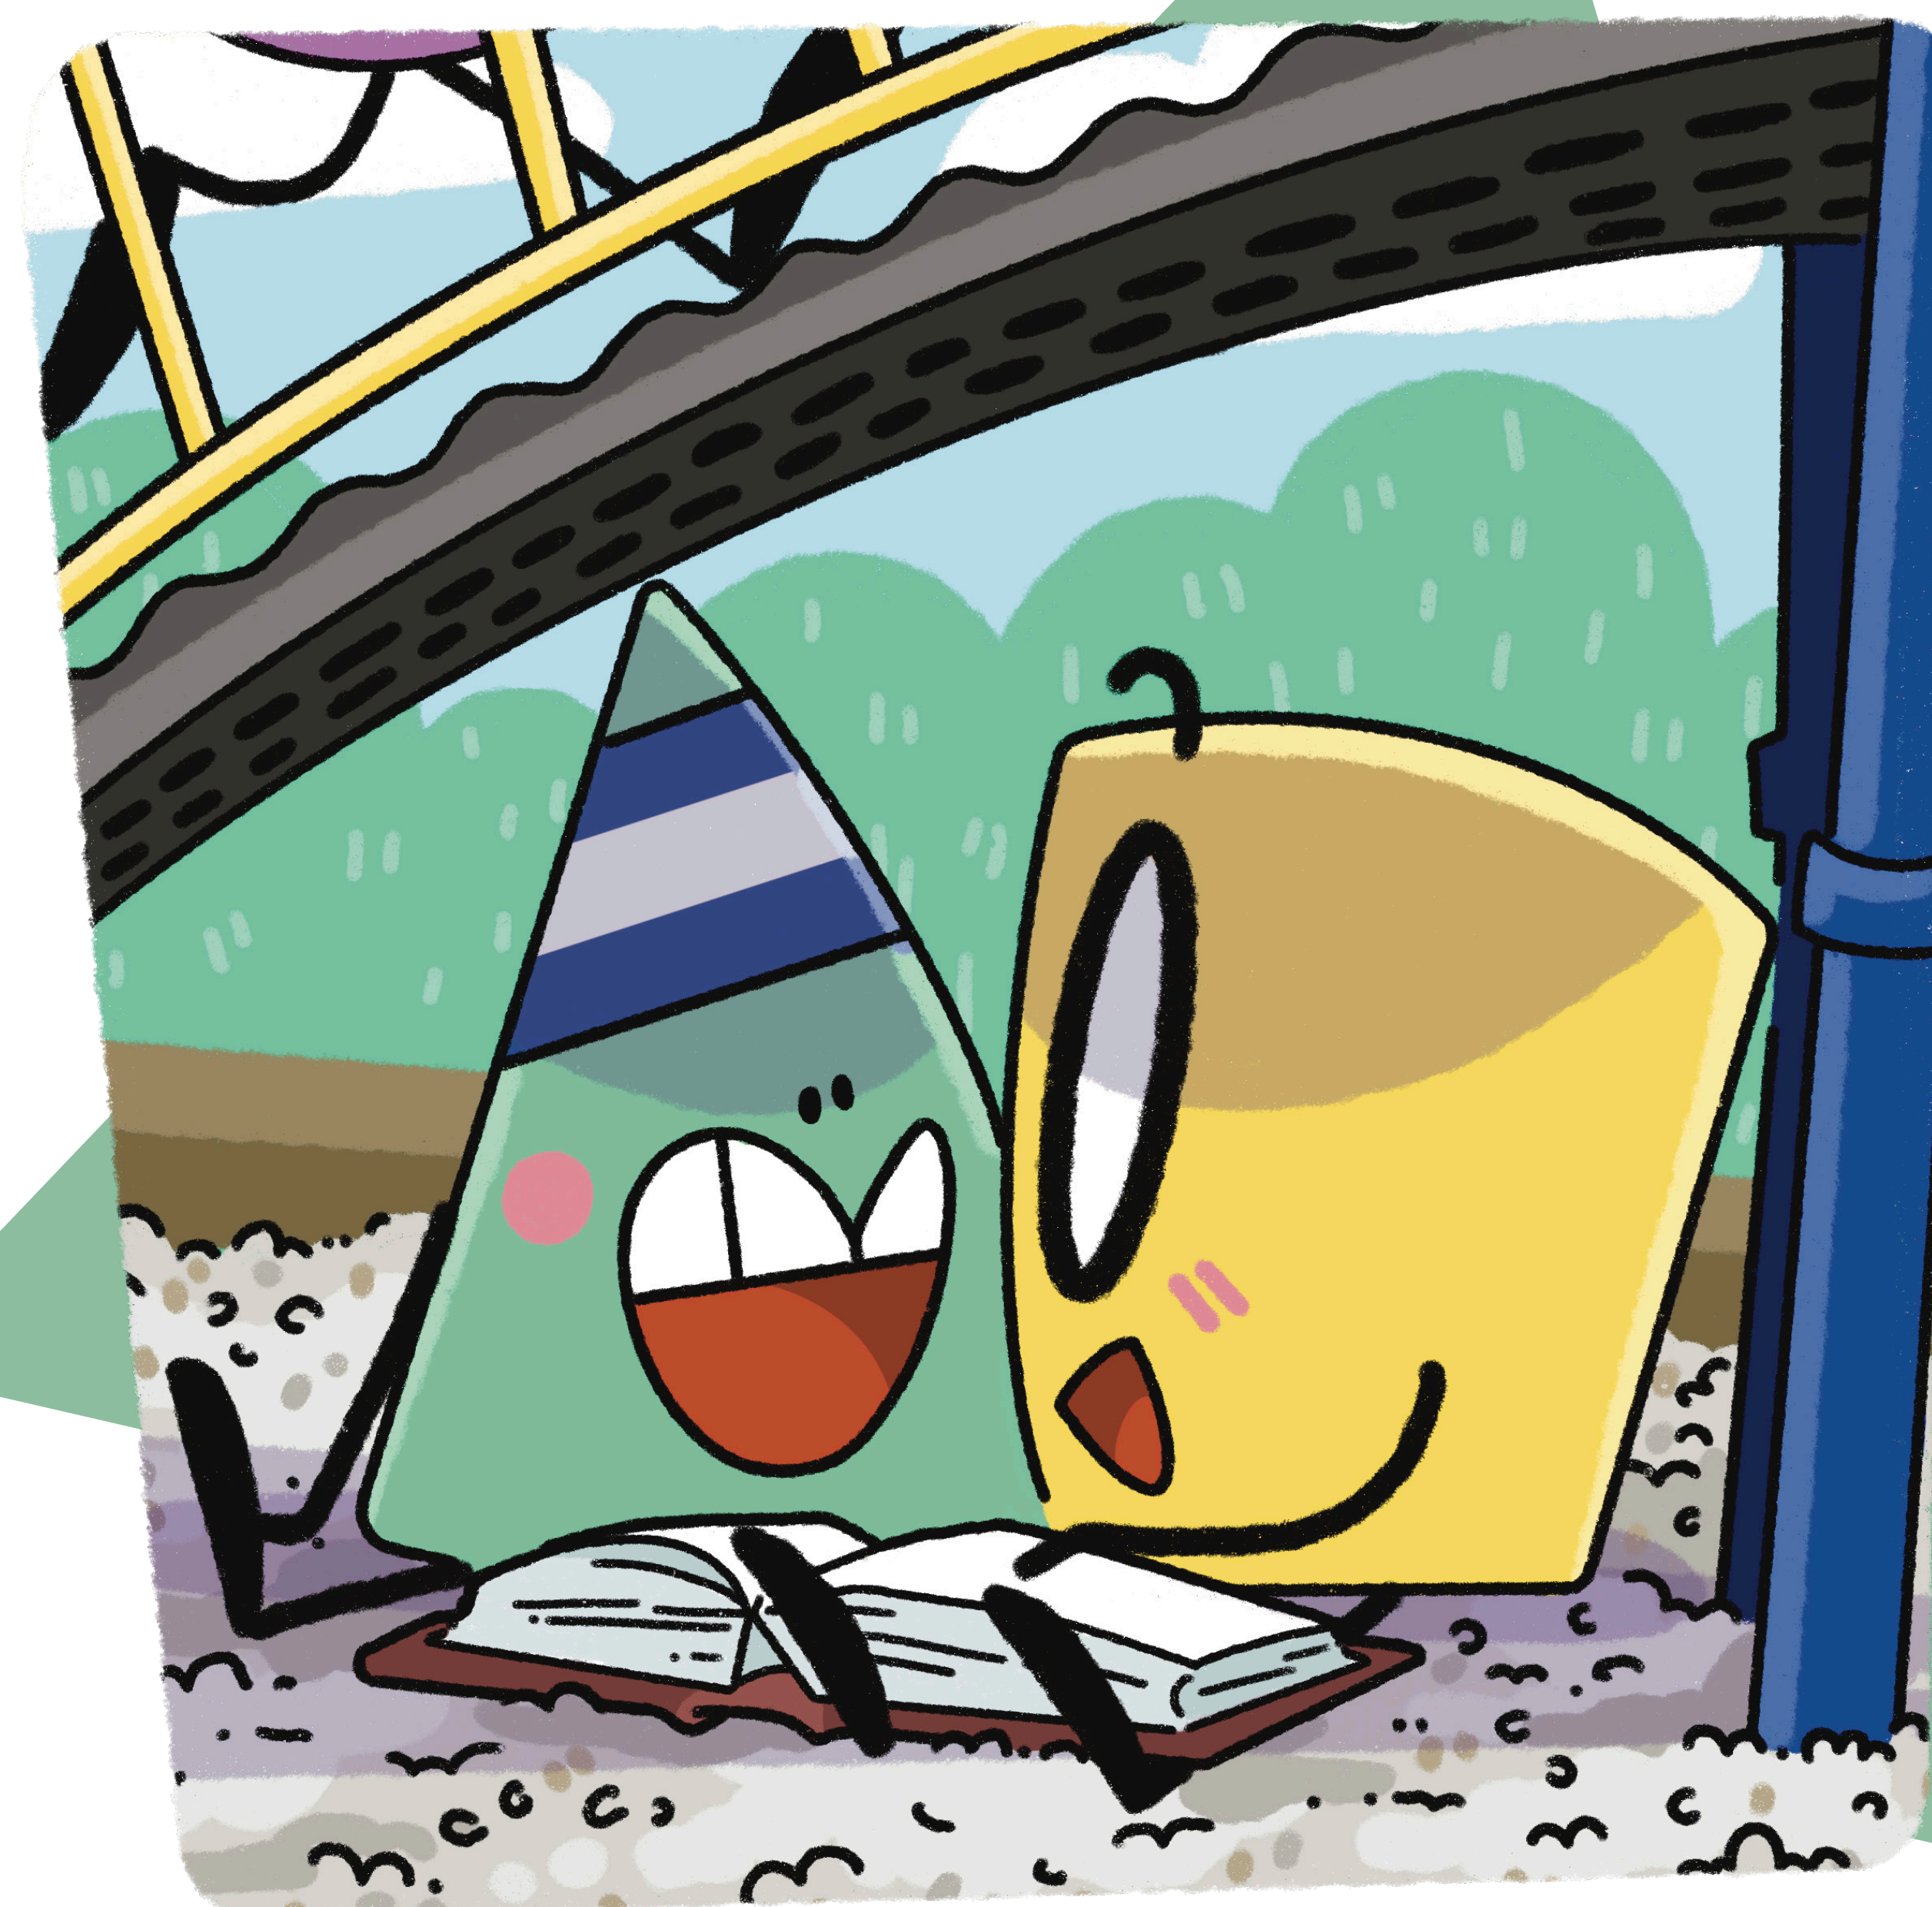

A TOYBOX Story of Friendship!

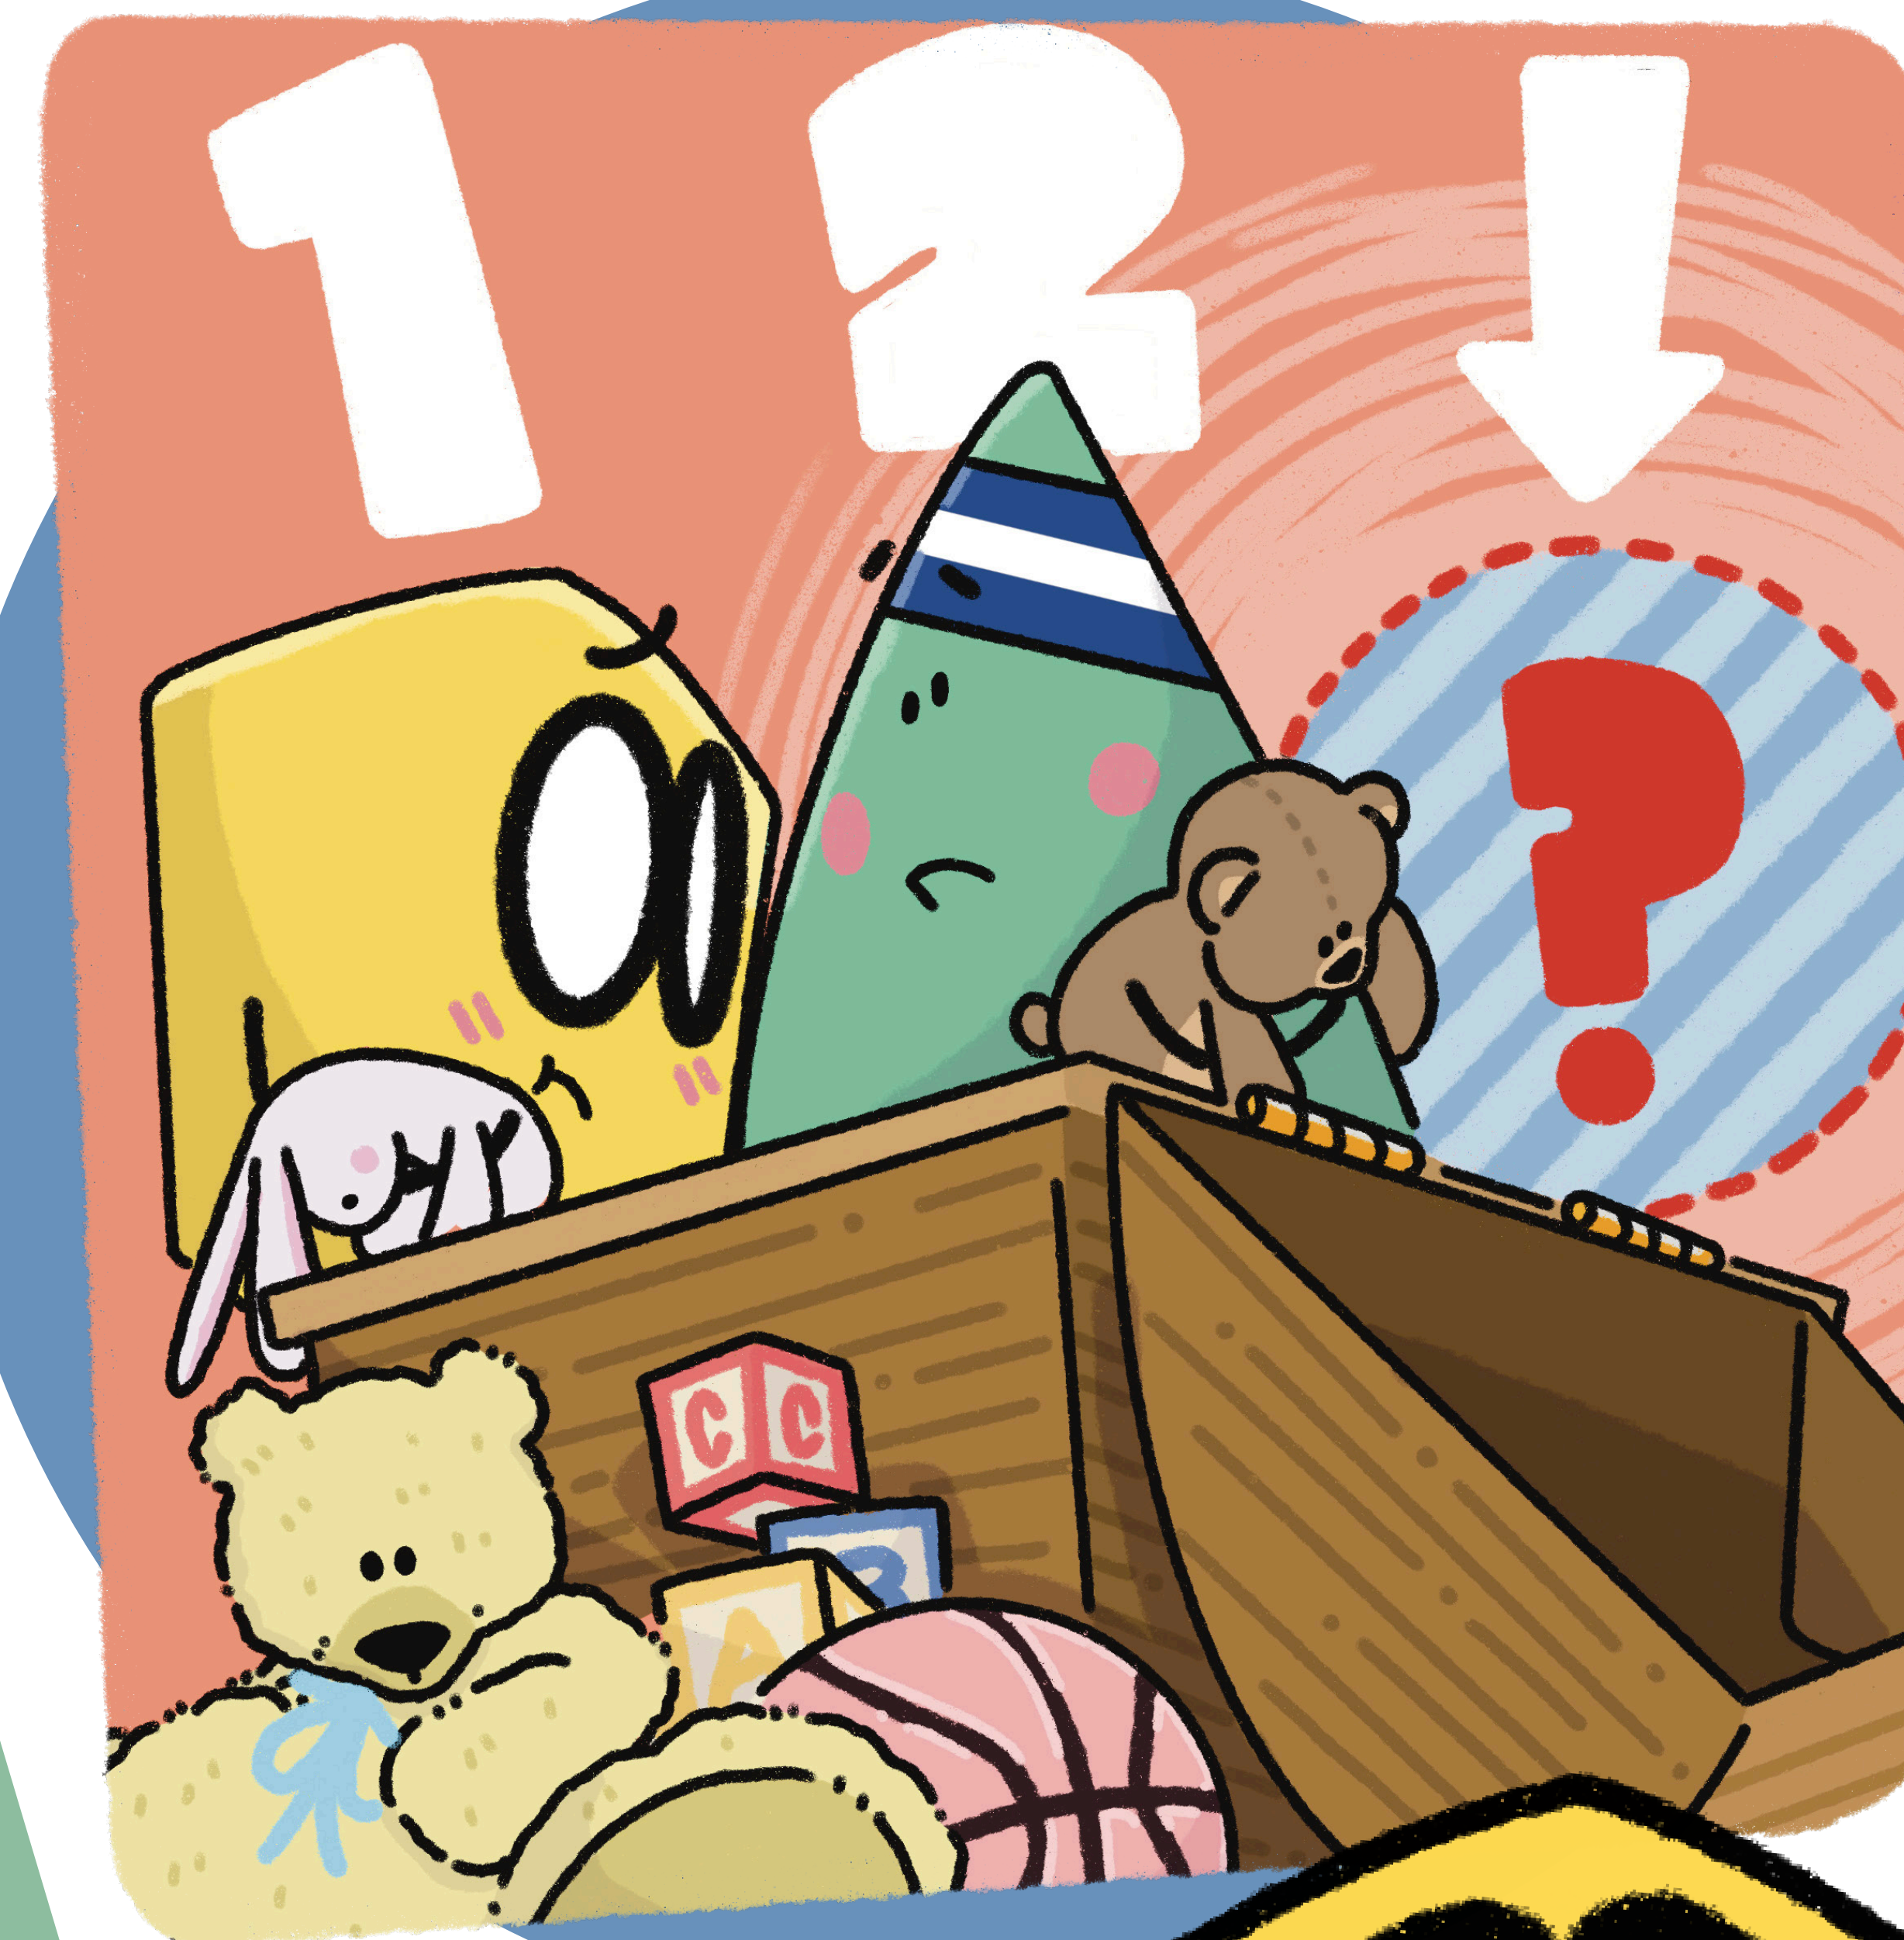

Litty and Welly are playing with toys, but there are only two of them to play their game. Something was missing, but they did not know what it was...

At recess, all of the kids played together, except for one. Litty likes to read, but is too shy to make friends.

Welly sees that Litty is lonely and wants to cheer them up. Welly asks Litty to read together and the two become friends!

"You need a third player!" said Nume. From then on, the three of them became best friends.
